BEYOND TV CATCH UP WEEK

VIDEO 2601/3601 (Wednesdays)
SEMESTER II - 1972

This course is primarily a participation experience with attendance being the only requirement. Each week YOU, as subject, will be video-tape recorded and played-back for your/our seeing and hearing... Tentative arrangements have been made for some of the resulting video-tapes to be broadcast via Channel #44 in Chicago and via cable-cast in New York City.

You will not be manipulating video equipment to make "art"; YOU will be manipulating yourself (mental/physical being) as subject: - delivering short statements on self-defined personal concerns, - asking questions on "important matters", - presenting answers to generally-interesting phenomenon, - relaying feelings on specific issues...different, each week!

We may be assuming that "television" IS ART; that, it operates according to some logical-code mechanism... We will be looking to paralleling disciplines for this apparent mechanism: ART - Jack Burnham, FILM - Annette Michelson, WORLD SYSTEMS - B. Fuller, LINGUISTICS - Noam Chomsky, ANTHROPOLOGY - Levi-Strauss, "zen" - D. T. Suzuki, and others... That is, we will be consciously trying to find out HOW "television" IS ART unconsciously; moreover, HOW you are an unconscious ARTIST and a consciously-behaving human-being.

The class is scheduled to be from 9:00 to 4:00. Due to necessary hardware set-up and editing of tapes your attendance will be roughly from 10:00 to 2:30 in the studio.

ELECTIVE: freshman through graduate students

FEBRUARY 2, 1972

(see backside for 2 month-ago description/proposal for this now actualized course/experience...)

GROUND RULES BEGINNING NEXT WEEK (Feb. 9, 1972):

"...your attendance from 10:00 to 12:00 (lunch), 1:00 to 2:30 here in the studio...attendance determines CREDIT - nothing more/less..." *

This course/experience is sorta' made-up of three happening stuffs: (1) - the SELF being projected and viewed on TV each week (YOU); (2) - ZROX's of pertinent findings and thoughts from many varying disciplines/minds currently being published in these early 1970's. You will each week get a personal ZROX for your latter eye's mind interfacial. These ZROX's are in some cases rather concentrated so I suggest you to deal with them in some private time/space subjective realm; and keep them on file for future reference so as to compare at a latter review/reading the evolution of your comprehensive-retentioning mind:brain SELF; (3) - the occasional presence of interesting human beings who have some speciality that is tangential to our conceptioning/perceptioning. This will take either a live human presence of the person himself or in some cases a video-tape of a personage.

The precise scheduling of these various, 1, 2, 3 stuffs is something that I can't predict exactly; so I will list in random fashion some of the concrete stuffs:

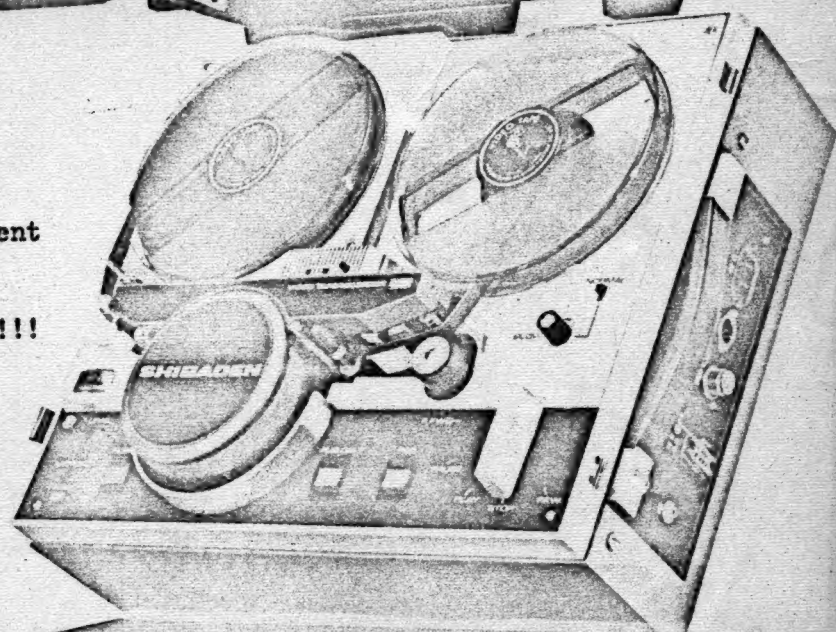

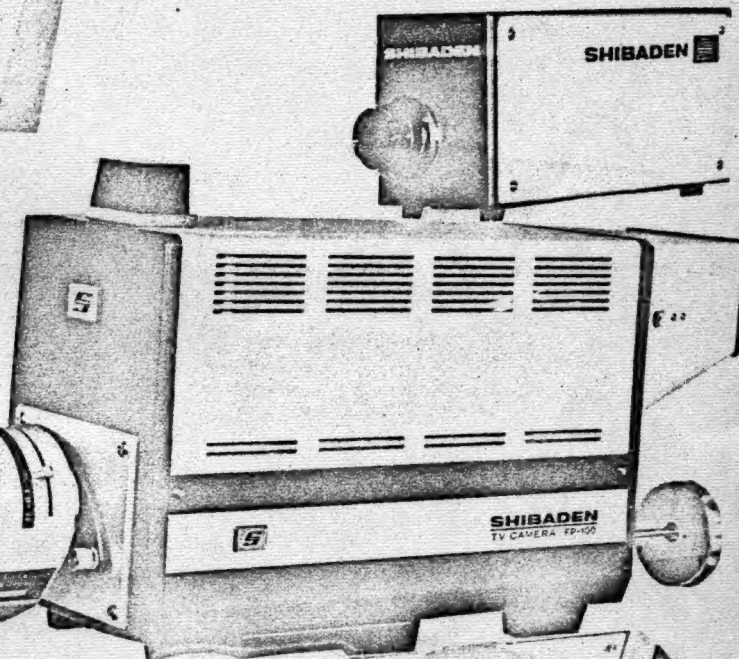

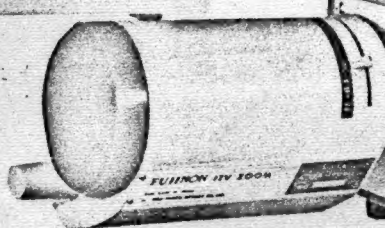

(2) ZROX's -

"R. BUCKMINSTER FULLER" - Playboy Interview
"LAWS OF UNIVERSE PUT INTO QUESTION" - Walter Sullivan
"FREQUENCY AND FORM" - Vic Gioscia
"R. BUCKMINSTER FULLER" - pirated sound/print transcript
"YOUR WORST WORK" - Les Levine
"RANDOM NOTES ON THE SPECIAL CASE OR LOOP-DE-LOOP" - Frank Gillette
"CYBERNETIC GUERRILLA EVOLUTION" - Hal Aigner
"INFOLDING PAUL RYAN" - Avery Johnson
"PRE-COPERNIAN VIEWS OF THE CITY" - George Rand
"BIOPTOLOGY" - Warren Brody
"TOWARD AN INFORMATION ECONOMY" - Paul Ryan
"ECONOMIC SUPPORT SYSTEMS" - Jerry Kindred
"ASPECTS OF DATA" - Frank Gillette
"CYBERNETIC GUERRILLA WARFARE" - Paul Ryan
"MEANING IN THE ART OF DUCHAMP" - Willis Domingo
"TOWARD SNOW" - Annette Michelson
"REAL TIME SYSTEMS" - Jack Burnham
(other stuffs from the authors/thinkers mentioned in paragraph 3-other side...)

(3) Visiting human beings and/or video-tapes of them -

DENNIS OPPENHEIM - video/conceptual artist...(LIVE)
